### Children

The Library offers a large collection of children's books including **picture books** and **board books** for babies and beginning readers. **Early Reading** books are arranged by reading level. **Alphabet and counting** books are shelved in a separate area designed for easy use by parents and young children.

The nonfiction collection contains books on a full range of topics of interest to children of all ages. **Special collections** are available on topics such as Native Americans, holidays, award winner and graphic novels.

### NEW! eBooks for Children

#### Gareth Stevens Interactive Books

[Digitized Native American Children's Books](#) from UNM

[Storyline Online](#) brings children's literature to life with celebrity readers and computer-enhanced illustrations.
